Film Presentation to Highlight Horticultural Tour of New Zealand

There are still spaces available on the Friends' tour to New Zealand beginning October 15, 1982. The group will leave San Francisco in autumn and arrive in New Zealand for their spring season. The country is a vest-pocket sized display of nearly everything the southern hemisphere has to offer, plus a touch of the British Isles here and there.

We invite you to attend a special film presentation on New Zealand with representatives from World Travel Quest and Air New Zealand available to answer questions regarding this unusual trip. This event will take place on Thursday, May 20th at 8 p.m. in the UC Botanical Garden Meeting Room. We would appreciate it if you could call the Friends' Office at 642-2084 and let us know if you plan to attend.

We look forward to seeing you on May 20th. And remember to send in your reservation soon to insure that you will have a chance to participate in this very special visit to New Zealand.

ANNUAL SPRING PLANT SALE

Saturday, May 8, 1982 10:30 am to 3 pm

Special Preview Sale For Members from 9 am to 10:30 am
