JOIN THE GARDEN
Become a member and enjoy free daily admission, discounted event tickets, classes and more. Members receive many exclusive benefits. Join at the entrance, online or call 510-643-1924.

TOURS
Tours of the Garden offer a rich assortment of botanical learning experiences. Call the Tour Coordinator at 510-643-2755 for Group and School Tours. Visit our website for tour topics. Reservations must be made by the 15th of the month prior to your tour date. Free docent-led tours are offered for visitors at 1:30 pm year-round on Thursdays, Saturdays, Sundays and the first Wednesday of each month.

THE GARDEN SHOP & PLANT DECK
Offering an array of gifts, books and plants, The Garden Shop and Plant Deck are located at the Garden entrance. Open daily 10:30 am - 4:30 pm. Seasonal plant sales are held throughout the year. Visit our website for details.

RENTALS
Rent one of the Garden's facilities for your wedding, event, or meeting. Information is available at the Kiosk or call 510-642-3352.

VOLUNTEER
The Garden provides wonderful volunteer opportunities, from propagation to education. For information call 510-643-7265.

PUBLIC PROGRAMS
Participate in our dynamic public programs offered throughout the year. Attend workshops, lectures, classes and special events that highlight the Garden's mission. Visit our website for more information.

GARDEN ETIQUETTE
While in the Garden, please note: The Garden is a living museum for the public to enjoy and respect, please stay on the paths and out of the Garden beds. Do not pick, pick up or move any plant material or items in the Garden. The Garden is a research facility with many ongoing projects that must not be disturbed. Smoking and pets (with the exception of certified service animals) are prohibited.

PHOTOGRAPHY
Commercial photography is prohibited without written permission. For educational and outreach purposes, we sometimes photograph visitors. Your entry to the Garden grants permission for our use of these images.

ACCESSIBILITY
Due to the steep slopes and stairs, portions of the grounds may not be accessible to everyone. For more information, contact 510-643-2755 or email garden@berkeley.edu.

CONTACT
200 Centennial Drive, Berkeley, CA 94720-5045 (midway between the UC Berkeley Memorial Stadium and Lawrence Hall of Science). Call 510-643-2755 or visit http://botanicalgarden.berkeley.edu for directions.

HOURS
The Garden is open from 9 am - 5 pm every day, except major holidays, and the first Tuesday of every month. Check our website for special closures. The Mather Redwood Grove and glass houses close at 4:30 pm. No entry after 4:30 pm.

ADMISSION
Check our website for current rates. Entry is free with current ID to UCBG members, UC Berkeley and LBNL faculty, staff and students and children under 5.

RESEARCH & CONSERVATION
California has greater biotic diversity than any other state and is one of 25 biodiversity hotspots that contain 44% of the world's plant species. Conservation is an important mission of the UC Botanical Garden, including our participation in the Center for Plant Conservation and Botanic Gardens Conservation International. The Garden facilitates research nationally and internationally by providing material to scientists working in many fields.

THE COLLECTION
Worldwide in scope with an emphasis on plants from Mediterranean climates, collections are arranged primarily by region of geographic origin—Asia, Australasia, California, Eastern North America, Mediterranean, Mexico/Central America, New World Desert, Southern Africa and South America. Special collections of cacti and succulents, xerophytic ferns, orchids, ferns, carnivorous plants, and tropical plants are displayed. Ethnobotanical collections include the Crops of the World Garden, Chinese Medicinal Herb Garden, Herb Garden, Garden of Old Roses and Waterwise Entry Garden.

VISITOR GUIDE
The University of California Botanical Garden is a living museum that serves a wide audience including researchers, students of all ages and public visitors. Our global collection is one of the most diverse in the country. The beauty of Strawberry Canyon creates a natural setting for these plants that are displayed in geographical assemblages. Our collection of plants of largely wild origin offers important conservation opportunities. The Garden is renowned for the diverse nature of the collection, including many rare and unusual plants— you will see plants here that you’ll rarely see anywhere else.
